Report on – “Beyond Books : The Psychology Of Success”

Date: 8th November, 2025

Time: 7.00pm – 8.00pm

OBJECTIVES OF THE EVENT:

The objective of the webinar was to help students understand that success goes beyond academic knowledge and technical skills. The session aimed to create awareness about mindset, emotional intelligence, resilience, and mental well-being as essential factors for personal and professional growth.

ABOUT THE EVENT:

The ISTD Student Chapter, SVCE, organized an insightful webinar titled “*Beyond Books: The Psychology of Success.*” The event focused on the psychological foundations that shape long-term success. Instead of concentrating only on grades and career achievements, the webinar encouraged students to explore self-awareness, motivation, and emotional balance.

The session was handled by **Ms. P. Cokilavani**, M.Sc Psychology, PGDGC, a specialist in career development and mental health. Through relatable examples and practical insights, she guided students to understand how managing thoughts, emotions, and stress can significantly influence career decisions and overall life satisfaction.

SESSION :

Speaker Address:

Ms. P. Cokilavani delivered a highly engaging session on the psychological foundations of success. She emphasized the importance of focus, clarity of goals, and avoiding distractions. According to her, supportive friendships and a positive environment play a major role in sustaining motivation and emotional stability.

She encouraged students to develop a **growth mindset**, explaining that challenges and failures are stepping stones for improvement. She described career development as a gradual journey of self-discovery and continuous learning rather than merely securing employment.

She introduced the **Johari Window Model**, explaining the four areas — Arena, Blind Spot, Facade, and Unknown — to enhance self-awareness. Students were encouraged to reflect on their strengths and hidden potential.

She also explained the **motivation cycle**, showing how needs lead to drive, behavior, achievement, and new goals. She stressed the importance of setting **SMART goals (Specific, Measurable, Achievable, Relevant, Time-bound)** for structured progress.

Mental Health Awareness Segment:

A major highlight of the session was mental health awareness. Ms. Cokilavani spoke about common issues faced by students such as stress, anxiety, and depression. She explained symptoms like fatigue, overthinking, negative thoughts, lack of interest, sleep disturbances, and restlessness.

She introduced the concept of the **Circle of Control, Influence, and Concern**, helping students understand what they can and cannot control in life.

Practical coping strategies suggested included:

- Talking to someone trusted
- Regular physical activity
- Proper sleep
- Mindfulness practices
- Avoiding unhealthy comparisons
- Seeking professional support when needed

She emphasized that mental health struggles are common and treatable, and encouraged students to prioritize emotional well-being.

INTERACTIVE SESSION:

The webinar was interactive, with students actively engaging in discussions and reflections. Many participants connected with the real-life examples shared by the speaker. The session provided clarity about handling academic pressure, self-doubt, and career uncertainty with confidence and balance.

FEEDBACK:

Participants expressed that the webinar was enlightening and emotionally impactful. Students appreciated the focus on psychological strength and self-development. Many shared that they gained clarity about managing stress and building resilience. The session helped boost their confidence and encouraged a healthier perspective toward success.

VOTE OF THANKS:

The Vote of Thanks was delivered by expressing sincere gratitude to the resource person, organizers, faculty members, and participants for making the webinar a success. Special appreciation was extended to Ms. P. Cokilavani for her valuable insights and practical guidance. The event concluded on a thoughtful and inspiring note, leaving students motivated to focus on holistic success beyond academics.
