

Report on “Recruitment Unplugged”

Date: 9th February, 2026

Time: 8:30 AM - 3:00PM

Event Overview:

The ISTD Chennai Chapter hosted an insightful "Recruitment Unplugged" event, blending student led coordination with expert guidance from **Ms. Roopasri K**, a highly accomplished HR Executive at Tentacle Infotech in Chennai. Her engaging talk equipped students with practical recruitment skills through interactive networking strategies and group discussion mastery, tailored for real world career success in competitive job markets.

This session brought valuable industry insights directly to eager engineering students, demystifying the hiring process with actionable techniques. Participants gained hands-on experience in building professional connections and excelling in group dynamics essential tools for standing out among top talent.

Proven tactics were highlighted across sessions like memorable first impressions, high pressure discussions and network leveraging, bridging academia and corporate expectations through the full ISTD team effort.

Event Highlights:

- Traditional networking approaches were contrasted with modern digital-first strategies, covering icebreakers, follow ups and LinkedIn outreach for building lasting professional relationships.
- Key GD success factors were outlined, including structured speaking, active listening and content prioritization, while addressing common pitfalls such as dominating conversations or staying passive.
- LinkedIn profile evolution was highlighted, from basic resumes to dynamic personal brands, emphasizing profile photos, headlines, endorsements and content posting.

The core message:

"Success in recruitment demands proactive networking, polished digital presence and hands on practice in real world scenarios."

Opening Activities:

The event began with an inspiring prayer song by **Smrithi from EEE 3rd year**. This set a positive, energetic tone for participants. A warm welcome address bridged academia and industry gaps, motivating active participation among students.

Dr. S. G. Bharathidasan, Faculty Co-ordinator of the student chapter gave a motivating welcome address, presented the ISTD events summary and previewed the two day flow, as introduced by **Sriram A** President of the Student Chapter .

Yuvasree R, Treasurer of the student chapter delivered a polished guest introduction that seamlessly bridged the opening formalities to the main sessions. Her concise yet engaging remarks built anticipation, highlighting Ms. Roopasri's expertise and ensuring smooth event flow for maximum participant engagement.

Guest Session:

A smooth introduction transitioned into guest sessions. This ensured seamless event flow.

Networking Connect Session:

The Networking Connect session delivered core insights into effective networking techniques essential for career progression. Participants mastered creating strong first impressions via confident posture, firm handshakes and elevator pitches that highlight unique value propositions.

Attendees practiced active listening and shared interests, alongside tips like attending industry meetups and using apps for virtual connections. These actionable steps empower sustained professional networks for opportunities.

Group Discussion (GD) Session:

The GD talk focused on mastering dynamics for interviews and collaborations. Key techniques included initiating thoughtfully with data backed points, summarizing discussions to show leadership and promoting inclusivity by inviting quieter voices.

Participants learned to avoid interruptions, stay composed under pressure and conclude with consensus building insights. These skills enhance critical thinking and teamwork visibility in high stakes settings.

LinkedIn Profile Session:

Dakxin Shaswath Haran Y , Joint Secretary of the Student Chapter , led this dedicated LinkedIn session, unpacking optimization strategies to boost digital visibility and recruiter attraction. Core advice covered customizing headlines with searchable keywords, writing compelling mini resumes with achievements and featuring rich media like project portfolios or certifications.

He tailored ideas for each year:

- 1st Year: Focus on basic setup (photo, education) and student group posts to build early visibility.
- 2nd Year: Add skills, projects and weekly tech shares to grow endorsements.
- 3rd Year: Include internships and keyword headlines targeting core companies.
- 4th Year: Showcase achievements, job applications and posts for recruiter outreach.

Career Roulette Guest Session:

Rasiga P (Event Executive), led the Career Roulette session with high energy, facilitating an engaging game inspired format. Student teams spun wheels to randomly draw a career role, starting constraint and career disruption. She moderated by circulating among teams, prompting critical thinking through questions about how disruptions changed 5-year plans and what pivot strategies could be employed ensuring emphasis on decision making and flexibility over fixed solutions.

Closing Remarks:

A comprehensive overview of Day 2 events was presented by **Thamizh Selvan A (Joint Secretary)**, building excitement for upcoming sessions on advanced recruitment strategies and industry networking. This energized students and heightened anticipation for future activities. Additionally, participants were tasked with building their own professional profiles as a hands on learning exercise, to bring and share the next day.

Participant Experience:

A polished introduction seamlessly transitioned into the guest sessions, optimizing event flow for maximum engagement throughout. Students praised the practical, interactive format, with networking tips standing out for their direct relevance to engineering job markets.

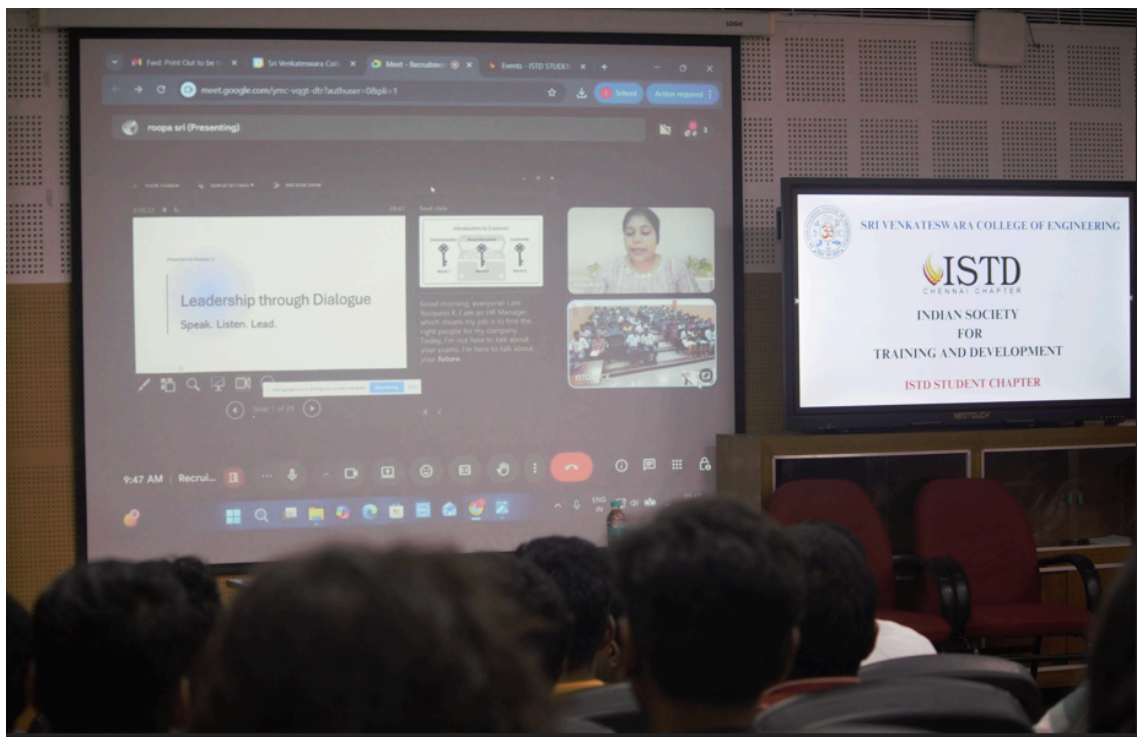

These sessions immersed participants in real world pressures strategic decision making under uncertainty, rapid strategy pivots amid disruptions and high stakes pitching while fostering a sense of responsibility and ownership over career outcomes. Engagement remained consistently high, blending expert talks, hands on activities and peer collaboration to sustain participation levels all day.

Attendees left motivated and equipped with actionable skills, ready to apply them in professional settings.

Conclusion:

"Recruitment Unplugged" Day 1 marked a transformative step in student career readiness, seamlessly blending corporate wisdom and learning opportunities. By demystifying complex hiring landscapes through targeted skill building, the event positioned participants at the forefront of employability in today's dynamic professional ecosystem.
